Description

Shipping and payments

This is Punch Out from the popular Game & Watch Series. This is a very rare blister pack version by Micro Games USA.

This is a beautiful example and games are difficult to find in this condition and this on is a very sought after game. The auction is as follows:

Blister - C9.9

Game - C10 (Factory Condition)

This is from my personal collection and I have listed some other items in the same condition. It will be difficult to find games in as good condition c future, so if you are looking for the best games to add to your collection then look no further!

A great addition to any collection and a really nice piece. Good luck with this one and feel free to ask any questions.

International bidders welcome with paypal and UK buyers can also pay by cheque if needed. Check with me for p&p.

 A: hi, these games are very rare and they were packaged this way. you can't get the game out without cutting the package. to be honest if you want to play the game buy a loose boxing, it's the same game. regards paul
